**Next Oak Hills School Board Meetings:**  
**Regular: October 7: Rapid Run, 6:30 pm**  
**Board Development Meeting: Sept. 23 – District Office, 4:30 pm**

September, 2013 Building Concerns

High School:

- The reps will meet with Mr. Stoddard monthly meeting to discuss building concerns
- The possibility of a resource room for students requiring services for tests (small group, read aloud, etc.) was discussed
- There was concern over the scheduling of CCR pre-tests and how some students may not be taking testing seriously

Middle Schools:

- SLO's have been a lot of work
  - behind on calendars, testing, grading, stress
  - unclear and overwhelming
- Explore to 6th graders
  - unfair (8th grade test)
  - Is the purpose of data still as important, compared with other testing we use?

Elementary Schools:

- Recording sheets for grading - SLO's created?
- Teachers feeling overwhelmed with a lot on their plates!
  - calendars not explained or unclear
  - evaluations, SLO's: directions and procedures unclear
- Concern for special education sub group during testing when special education teachers are scheduled somewhere else
- Blackout
  - timing not so great
  - effect to some buildings after the electric was turned back on
  - how often will this happen?
  - could this be scheduled after school hours: after 4 PM
- OHEA
  - donating money to levy campaign?
  - \*encouraging our members to donate\*
    - will revisit this in October

General Concerns:

- Spring time testing issues
  - OAA, SLO, looking ahead
- Pay scale
  - 2011 scale but at the 2010 step
- Expectations with creating common assessments & time involved
