 - 2/1 Board meeting update - Jeff C.
 - Jan Hunter made sure at the end to say, "on record" that the OHLSD administration had no control on when we got the vaccination and there was nothing they could do about getting it any sooner.
 - Hunter also made it clear she wanted to thank certified and classified staff for doing an amazing job keeping kids in the classroom.
 - Steve noted that after the 10% reduction by the state last year "A LOT" has changed.
 - The State revenue exceeded expectations by 4%. Good For Oak Hills. On January 25th, the state pumped their first additional grant of \$807,652 and hopefully more will come in the future. Things are looking much better financially.
 - Rachel Siercy spoke about the new partnership with Children's Hospital on a 3-5 year project for mental health geared towards tier one students (in the past they have been focusing on tier 3 students)
 - Next Board meeting 3/1

 - [Approved 2021-2022 OHLSD Calendar](#) (updated Feb. 2, 2021)

- FFCRA (Covid Days) - not renewed for 2021 by the Federal government. Days used by employees were reimbursed to the district by the federal government. The government is not continuing payments for these days. The bill gave PRIVATE employers (with less than 500 employees) the option to provide covid days for employees in exchange for a tax credit. This is not available to government employees. Employees yearly allotment of sick days have been fronted to you in the event you need sick days.
- Vaccine rollout:
 - Please plan to come prepared for your designated appointment
 - arrive no more than 5 minutes prior
 - have your ID and consent form filled out ahead of time
 - Plan to be in the building for the duration of your work day
 - Plans for students to work virtually during that day - no google meets required
- Elementary classes being able to change rooms to specials, etc.
 - Grateful to be back to classrooms
