**Building Information**

Know B4 Training-Time to complete on Inservice day during building time, not teacher time????

<b>C.O. Harrison Elementary School</b>	
<b>Contractual</b>	
<b>General questions</b>	Bats getting into the building-pest control being contacted and should be rectified by the time of this writing. <b>Hole on outside of building was patched - issue resolved</b>

<b>Other</b>	Thank you for additional aide support in Kindergarten.
--------------	--------------------------------------------------------

### Delshire Elementary School

<b>Contractual</b>	
<b>General questions</b>	
<b>Other</b>	<p>What is each building being asked to do regarding the Absenteeism Initiative? See additional comments in RRMS.</p> <p><b>Dr. Cybulski</b>  <a href="#">Student Attendance Updates</a></p>

### Springmyer Elementary School

<b>Contractual</b>	
<b>General questions</b>	Not enough space for classes.
<b>Other</b>	

### Bridgetown Middle School

<b>Contractual</b>	
<b>General questions</b>	<p>Lack of support and resources for students with limited English. This is a concern in multiple buildings in the district. We have a growing population of limited English speaking students. At times, students are also limited in their native language and special ed services are not an option until it is determined that the language barrier is not the primary issue.</p> <p>Who is responsible for providing a translator to assist families?          EL teachers have 40+ students on a caseload.</p>

	Candice Lessing Will communicate with buildings on procedures (registration to start of classes / available resources to families)
Other	

Delhi Middle School	
Contractual	
General questions	What is the language around devices permissible for students? Glasses? Brian Conners met with parents about expectations - glasses are medically prescribed so as long as they are being used for that purpose we must allow to be worn
Other	

Rapid Run Middle School	
Contractual	
General questions	Class sizes are high (all general plus nearly all specialized classroom students attend encores and science/social studies which increases those numbers as well). Is there a plan to investigate district lines and redraw them? Is there a capsized for a grade level? Not at this time - however, the district is having building assessments conducted in Sept and concluding on Oct 4 in collaboration with the OFCC (Ohio Facilities Construction Commission). All district buildings will be assessed
Other	

Oak Hills High School	
Contractual	
General questions	Abre concerns-it's expired. Securely Classroom, as of 9/17/24, is available for use at the high school and 4th/5th grades in all elementary schools. Has been available for 6th-8th grades in the MS.
